BOSHI ZHANG

zbs22@mails.tsinghua.edu.cn ◇ Tsinghua University, Beijing, China

EDUCATION

Tsinghua University, Department of Automation Sep 2022 – Jun 2026
B.Eng. in Control Science and Engineering, **GPA: 3.9/4.0, Top 10%**.

PUBLICATIONS

EvoWorld: A World-Model-Centric Framework for Continuous Self-Evolution of Modular Embodied Skills
Boshi Zhang*, Sen Cui et al.
ECCV 2026 Poster and FMEA @ CVPR 2026 May 28, 2026; rev. Jun. 1, 2026

Frontier-Eng: Benchmarking Self-Evolving Agents on Real-World Engineering with Generative Optimization
Yizhe Chi, Deyao Hong, Dapeng Jiang, et al., including **Boshi Zhang**
NeurIPS 2026 Poster May 1, 2026; rev. May 29, 2026

AegisFlow: Training-free Non-myopic Path-safe Guided Flow Matching
Kunpeng Liu, **Boshi Zhang***, Keyou You
NeurIPS 2026 Poster May 5, 2026; rev. May 28, 2026

INDUSTRY EXPERIENCE

NatureWill Jul 2026 – Present
Algorithm Engineer Intern

- Trained **LingBot-Video** and **MotuBrain**, and generated pseudo-labels for latent actions.
- Built the **EgoData stereo pipeline**, reducing absolute 3D error to **below 8 mm**.

Navers Lab, Einsia.AI Mar 2026 – Jun 2026
Algorithm Engineer Intern

- **Core Contributor**, *Frontier-Eng* [Paper] [Code] [HF]: built the **Frontier-Eng** benchmark.
- **Core Contributor**, *Scalable Behaviour Cloning on Browser Using via Skill Distillation* [Paper] [Code].
- Owned **reinforcement learning training** for **ProactiveAgent**.

Meituan, Visual Intelligence Department, LongCat Image Team (Beijing) Sep 2025 – Jan 2026
Algorithm Intern

- LongCat-Image [Paper] [Code] [HF]: explored semantic injection to accelerate convergence in visual generative model training.
- Worked on **end-to-end training acceleration** for vision models.

HONORS

Outstanding Graduate, Beijing Municipality and Tsinghua University (2026).
National Scholarship (Top 1%) (2024 – 2025).
First-Class Scholarship, Tsinghua University (2023 – 2024).
National Encouragement Scholarship and **First-Class Scholarship**, Tsinghua University (2022 – 2023).

COMPETITIONS

Silver Medal, Kaggle The 2026 **NeuroGolf Championship** (2026).
First Prize, Tsinghua **Agent Competition** (2024 – 2025).
Second Prize, Tsinghua **9th AI Challenge Competition** (Rank 4/66) (2024 – 2025).
First Prize, National College Physics Competition (Non-Physics Major Group) (2023 – 2024).
First Prize (Provincial), Chinese Mathematical Olympiad for Senior High School Students (2021 – 2022).

LEADERSHIP AND SERVICE

Student S&T Association, Tsinghua Automation May 2025 – May 2026
Chair

- Taught reinforcement learning; named Outstanding S&T Association Member (2024).

Tsinghua University Learning Development Center May 2025 – May 2026
Instructor

- Provided **200+ hours** of math and programming tutoring across **240+ student consultations**.
