BOSHI ZHANG

zbs22@mails.tsinghua.edu.cn ◇ Tsinghua University, Beijing, China
Homepage ◇ Google Scholar ◇ GitHub

EDUCATION

Tsinghua University, Department of Automation Sep 2022 – Jun 2026
B.Eng. in Control Science and Engineering, **GPA: 3.9/4.0, Top 10%**.

HONORS AND SCHOLARSHIPS

National Scholarship 2024 – 2025
One of China's highest honors for undergraduate students.
Outstanding Graduate, Beijing Municipality and Tsinghua University (2026).
First-Class Scholarship, Tsinghua University (2023 – 2024).
National Encouragement Scholarship and **First-Class Scholarship** (2022 – 2023).

PUBLICATIONS AND TECHNICAL REPORTS

EvoWorld: A World-Model-Centric Framework for Continuous Self-Evolution of Modular Embodied Skills
Boshi Zhang*, Sen Cui, et al. (* Co-first author)
***ECCV 2026 Poster**; also FMEA @ CVPR 2026* [Paper] [Code] [Project]

Frontier-Eng: Benchmarking Self-Evolving Agents on Real-World Engineering with Generative Optimization
Dapeng Jiang, **Boshi Zhang**, et al.
NeurIPS 2026 Poster [Paper] [Code] [Project]

Natura-1: The Will to Act
Nature Will Team Contribution: model team member
Technical report, 2026 [Report / Demo]

INDUSTRY EXPERIENCE

Nature Will Jul 2026 – Present
Algorithm Engineer Intern
- Contributed to **Natura-1** as part of the model team.
- Built the **EgoData stereo pipeline**, reducing absolute 3D error to **below 8 mm**.

Navers Lab, Einsia.AI Mar 2026 – Jun 2026
Algorithm Engineer Intern
- **Core Contributor**, *Frontier-Eng* [Paper] [Code] [HF]: built the **Frontier-Eng** benchmark.
- Developed browser-agent behaviour cloning through skill distillation [Paper] [Code].

Meituan, Visual Intelligence Department, LongCat Image Team (Beijing) Sep 2025 – Jan 2026
Algorithm Intern
- Explored semantic injection to accelerate convergence in visual generative model training.
- Worked on **end-to-end training acceleration** for vision models.

COMPETITIONS

First Prize, Tsinghua **Agent Competition** (2024 – 2025).
Second Prize, Tsinghua **9th AI Challenge Competition** (Rank 4/66) (2024 – 2025).
First Prize, National College Physics Competition (Non-Physics Major Group) (2023 – 2024).
First Prize (Provincial), Chinese Mathematical Olympiad for Senior High School Students (2021 – 2022).

LEADERSHIP AND SERVICE

Student S&T Association, Tsinghua Automation May 2025 – May 2026
Chair
- Taught reinforcement learning; named Outstanding S&T Association Member (2024).

Tsinghua University Learning Development Center May 2025 – May 2026
Instructor
- Provided **200+ hours** of math and programming tutoring across **240+ student consultations**.
